

**Pumalin Park Kayak Trip
4 days / 3 nights**

This is a trip for those who do not have time for a full trip. We go straight to the heart of Pumalin Park and travel along the Quintupeu and Cahuelmó fjords, both remarkable for their beauty which only compares to Fjord Land in New Zealand. We will row between huge granite walls and waterfalls that plunge into the ocean. We will see plenty of flora and fauna such as austral dolphins, sea lions and many birds -most of them endemic- and enjoy hot spring baths and walks to hidden lakes that very few have visited.

Details of the Expedition

Self supported Sea kayak expedition + hot spring baths	
Length:	4 days/ 3 nights
Camping:	3 nights
Level of difficulty:	Easy to moderate, it does not need previous experience
Paddling time:	4 to 6 hours a day
Place:	Northern Patagonia, Cumao Fjord, Pumalin Park
Meeting Point:	Airport in Puerto Montt

Primary assistance insurance though we require that our travellers have their personal insurance

Not included Air Trips, hotels, accident or rescue insurance, personal equipment, tips or any other service not mentioned in this program.

When you reserve the trip, we give you a list of everything you will need to be ready for your adventure

Day 1 Puerto Varas / Hornopiren

We pick you up at the meeting point, Puerto Montt's Airport and as we drive southwards we will make a stop at the Alerce Andino National Park. We will cross on a ferry and once on the other side enjoy the Pichicolo thermal spring, our last stop until the small park "Patagonia el Cobre" where we will spend the night. **BL-D**

Day 2 Hornopirén / Quintupeo Fjord 3,5hrs / 13km / 8mi paddling

We will drive south and reach the ocean and once in our Kayaks we will have a talk on safety, rescue and paddling instructions. We will start paddling towards the narrow entrance of Quintupeo fjord. This day we will sail for 4 spectacular hours in the heart of Pumalin Park. The Fjord has huge granite walls; we can see waterfalls that jump from the Andes to the sea and in this -undoubtedly- beautiful little corner of this planet we will set camp at the end of the fjord and relax. **B-BL-D**

Day 3 Quintupeo / Cahuelmo 6hrs / 25km / 16mi paddling

This will be our longest day; we will paddle for 5 to 6 hours, nearly 16mi and depending on the weather and the tide, we might have to do some night sailing, which will give us a different view of the fjord. As every effort is rewarded, we will arrive to Cahuelmo Fjord after about 5 hours, a wonderful place with big mountains that rise from the sea and then go inland amongst narrow valleys just waiting to be explored. We will see a colony of sea lions and once we have reached the end of the fjord we will find the Cahuelmo Hot Springs, a part of the Pumalin Project. We will set camp near the natural pools dug on the rock by local people in the early 30`s. We will enjoy a hot spring bath and the amazing southern latitude sunset followed by dinner and free afternoon. **B-BL-D**

Day 4 Cahuelmo / Puerto Varas back in support boat

On our last day we will go hiking and will enjoy thermal springs while waiting for the boat that will take us to Hornopiren. Here we will meet our private mini bus that will take us back to Puerto Varas by a shorter way this time, crossing by ferry the Reloncavi Fjord and going by the small towns of Puelo and Cochamo. **B-BL**

B-BL-D: Breakfast – Box Lunch - Dinner

**A TRIP THAT SHOWS US THE BEAUTIFUL AND UNTOUCHED SOUTH LANDS OF THE WORLD
END OF OUR SERVICES**
